

EXIT LEVEL ASSESSMENT STATUS REPORTS

The Exit Level “**Assessment Status Report**” can be run at any time from either the “**Exit Level By Program**” or the “**Exit Level By Student / Progress Report**” Assessment screens by clicking on the [Assessment Status Report](#) link.

The screenshot shows the 'Assessments' tab selected in the navigation bar. The 'Assessment Status Report' link is highlighted in a red box. Under the 'Grades 01-08 Assessments' section, the 'Exit Level By Student / Progress Report' radio button is selected and highlighted in a red box. Other options include 'Entry Level By Student', 'Exit Level By Program', and 'Entry Level By Program'. The 'Kindergarten Assessments' section has a 'By Student/Progress Report' radio button.

This report is also available in “Reports” tab by clicking on the [Current Assessment Status Report](#) link.

The screenshot shows the 'Reports' tab selected in the navigation bar. The 'Current Assessment Status Report' link is highlighted in a red box. The 'Selection Criteria' section shows 'Class' selected in a dropdown menu, and 'Active' selected as a radio button. Other options include 'All', 'Inactive', and 'Kindergarten Only'.

For teachers, the report will provide an overview of the exit level status of all their classes in the school currently selected whether they are the default teacher or the support teacher. For Principals, Vice Principals, Site Leads, and Central Admin staff, the report will provide an overview of the exit level status of all the “**Teacher/Classes**” in the school currently selected. For classes with multiple teachers assigned, the Teacher/Class will be listed only once under the default teacher’s name.

[Back to Reports](#)

“Total Students in Class” - the total students enrolled in each class (note that this count will include active as well as inactive students)

“Mandatory Entry Assessments Unfinished” – the total number of students who do not yet have a valid entry level assessment in all of their mandatory entry programs/strands. A student must have received a valid entry level assessment in all of their “mandatory entry” programs/strands in order to be considered finished.

“Exit Assessments Unfinished” - the total number of students who do not yet have a valid exit level assessment in all of their programs/strands. Exit level assessments are considered mandatory for all programs/strands therefore a student must have received a valid exit level assessment in all of their programs/strands in order to be considered finished otherwise he/she will be counted here.

“No Program Assessment Comments” - counts those students in the class selected who have not yet received a non-blank Teacher Comment in the box below “Strengths/Next Steps for Improvement – Program Assessments”.

“Learning Skills Unfinished” - counts the number of students in the selected class who have not been assigned a mark in all six of their learning skills.

“No Learning Skills Comments” - counts those students in the class selected who have not yet received a non-blank Teacher Comment in the box below “Strengths/Next Steps for Improvement – Learning Skills”.

In order to focus in on the students that still require exit level assessments (including mandatory entry assessments, learning skills and teacher comments), click on the “Teacher/Class” in the “Class Assessment Status Report (Exit Level)” that you want more information on. This will take you to the “Student Assessment Status Report (Exit Level)” where all students in the class selected will be listed together with their status in each category (a check mark indicates all required assessments/marks/comments for the student are finished while an “X” indicates one or more required assessments/marks/comments are unfinished).
